

Self-Directed Attendant Care Program: Personal Attendant / Employee

The purpose of this training program is to provide you with information and training needed to be a personal attendant working within the Self-Directed Attendant Care program of Indiana's Aged and Disabled Medicaid Waiver.

This training will not be your only source of training for your role as personal attendant. Your employer is responsible for ensuring you are trained to provide the assistance needed. There may be formal training in addition to the on-the-job training provided by your employer. Your employer's case manager will help your employer determine what additional training you may need and how to arrange for it, but any additional training cannot be paid for.

You will need to complete and submit the employee/personal attendant enrollment packet. (If you do not have one, your employer can request an enrollment packet by calling (866) 264-2296.) In addition, you should review the following materials:

- [Personal Attendant Online Training](#) (pdf download, pages, Mb)
- [Universal Precautions](#) (While health care is not covered under this program, these guidelines will still be important for employees to review.)
- [Employee Manual](#) (pdf download, 90 pages, 7.07 Mb)
- [Frequently Asked Questions](#) (FAQs)

Please contact us if you have any questions, Public Partnerships, LLC (866) 264-2296.
